PAY BY PHONE PARKING

IT’S PARKING MADE SIMPLE: STREAMLINE YOUR PARKING OPERATIONS, OFFER BETTER SERVICE TO YOUR CUSTOMERS AND IMPROVE YOUR BOTTOM LINE. PARKMOBILE’S PAY BY PHONE PARKING SOLUTION IS A MUCH FASTER AND MORE COST-EFFICIENT WAY TO MANAGE PARKING.

We built our pay by phone parking system with you and with drivers in mind.

Increase your revenues. Parkmobile’s system is flexible. You can offer special event parking, use tiered pricing within your parking lots or build in varying rates based on time-of-day.

Decrease your operational costs. Our pay by phone solution makes payment processing more efficient. Payments are reconciled to your account using a PCI DSS level 1 compliant process.

Offer a better parking experience. Parkmobile increases customer satisfaction and reduces complaints, allowing your staff to spend time and resources on other issues. Our website makes it easy to register, and we offer a choice: people can use a toll-free number or our mobile app when paying for parking.

Improve enforcement. With a more convenient way to pay, a higher percentage of people pay for parking, reducing the number of enforcement issues. We’re hardware agnostic and can provide data feeds to license plate recognition (LPR)-driven systems or integrate with any other legacy enforcement systems.

Access useful data. Parkmobile brings all your information together into one centralized data management system. You can go online and pull daily, weekly or monthly parking reports using the metrics that are most helpful to you.

Work with a stable, growing company. Parkmobile USA is an American-based company with offices and a call center here in the U.S. We’re one of the largest providers of cashless parking systems in the country.

We inspire people to register with us. We’ve developed innovative marketing initiatives that result in higher adoption rates. Millions of people use Parkmobile. According to recent surveys 95% of our customers are satisfied or highly satisfied with Parkmobile.

Here’s how it works from the driver’s perspective:

1. Park
Pull into a Parkmobile space. Just look for our green Parkmobile sign with the cell phone logo.

2. Phone
Use our mobile app or give us a call to activate your parking session and key in the parking space number.

3. Go
Get to your meeting, run your errands or do something fun. We’ll text you when you’ve got about 15 minutes before your parking session expires.
